4. Initiatives to provide value to corporate clients engaging in climate change

21 Value Provision for Corporate Clients

Promoting comprehensive value provision on an “End To End” basis, from the upstream to downstream of corporate clients’ businesses, by positioning as opportunities the expansion of e-commerce in all industries as well as changes in the supply chain

→contributing to the improvement of customers’ corporate value and the enhancement of customer value through provision of solutions for innovating the supply chains and business processes of these customers
